To the city of Winterswijk

Dear Sirs and Madams!

Let me congratulate You with the upcoming Christmas and wish inspiration, health, well-being and success to You and all citizens of Winterswijk in the New Year 2024!

The passing year was very difficult for all of us. Due to the war our country loses the best sons and daughters. The enemy proceeds to attack our critical infrastructure, killing civilians.

However, despite all the challenges, we feel Your support and assistance! We are sincerely grateful for Your consent to establish relations between our communities and to conclude partnership agreement. We hope that every next year our relations will tighten!

And we have a great expectation that the upcoming 2024 year will bring us a victory in this bloody and ferocious war, and then we will definitely invite You to Podilsk to celebrate our win together!

Respecfully,

Acting Podilsk City Mayor  **Oleg ALBANSKYI**
