April 2024

Dear Fellow Mayor,

I trust this letter finds you well.

In August 1945, two atomic bombs instantly reduced the cities of Hiroshima and Nagasaki to rubble, taking more than 210,000 precious lives by the end of the year. The *hibakusha*—those who barely survived—still suffer from the harmful aftereffects, notably of radiation. While their minds and bodies are in pain, they continue to make their appeal that “no one else should suffer as we have.”

With our *hibakusha* aging, we are determined to have their experiences and strong desire for peace shared and wholeheartedly accepted by future generations, and to have those commitments spread throughout the world. I am convinced that spreading their message will eventually lead to the realization of their most cherished will, the abolition of nuclear weapons.

In 1982, Hiroshima and Nagasaki established Mayors for Peace to achieve this goal. It is a non-partisan, global network of municipalities that is registered at the UN with ECOSOC. Since its establishment, Mayors for Peace has expanded its membership and worked in solidarity with its member cities to call for the realization of a world free from nuclear weapons and lasting world peace. Presided by the Mayor of Hiroshima and vice presided by the Mayor of Nagasaki along with 10 other mayors of cities from across the world, as of April 1st of this year, Mayors for Peace has grown to 8,378 member cities from 166 countries and regions.

In January 2021, the Treaty on the Prohibition of Nuclear Weapons entered into force, which is the first multilateral treaty to clearly and fundamentally define that nuclear weapons are subjected to total prohibition. This is a proof that voices of *hibakusha* and those who share their fervent wish for the total elimination of nuclear weapons pushed international society forward. In this context, Mayors for Peace adopted the Vision for Peaceful Transformation to a Sustainable World (PX Vision) and Action Plan (2021-2025) in July of the same year. The Vision sets forth three objectives: “Realize a world without nuclear weapons,” “Realize safe and resilient cities,” and “Promote a culture of peace.” In order to pursue these objectives, we have decided to put a greater emphasis on the expansion of our membership.

The growing number of Mayors for Peace member cities is a powerful force building real momentum toward peace and the abolition of nuclear weapons. To this end, I humbly ask that you share in our sincere message from the atomic bombed cities of Hiroshima and Nagasaki and join Mayors for Peace to support our initiatives toward genuine and lasting world peace.

Sincerely yours,

President of Mayors for Peace  
Mayor of Hiroshima

## 1. Outline

In August 1945, atomic bombs dropped on the cities of Hiroshima and Nagasaki instantly reduced them to rubble, taking more than 210,000 precious lives. With more than 75 years since the bombings, many survivors (*hibakusha*) still suffer from the physical and emotional aftereffects of radiation. To spread throughout the world the *hibakusha*'s ardent wish symbolized in the message that "no one should suffer as we have," and to ensure it is passed on to future generations, Hiroshima and Nagasaki remain steadfast in our assertion to the world that nuclear weapons are inhumane and continue to call for their abolition.

On June 24, 1982, at the 2nd UN Special Session on Disarmament held at the UN Headquarters in New York, then Mayor ██████████ called for cities throughout the world to transcend national borders and join in solidarity to work together to press for nuclear abolition. Subsequently, the Cities of Hiroshima and Nagasaki established "The World Conference of Mayors for Peace through Inter-city Solidarity" (now, Mayors for Peace), composed of mayors around the world who formally expressed support for this call. In 1991, the organization was registered as an NGO in Special Consultative Status with the UN Economic and Social Council (ECOSOC).

\*On August 5, 2001, the organization changed its name from "The World Conference of Mayors for Peace through Inter-city Solidarity" to "Mayors for Peace."

## 2. Mission

The purposes of "Mayors for Peace" are to contribute to the attainment of lasting world peace by arousing concern among citizens of the world for the total abolition of nuclear weapons through close solidarity among member cities as well as by striving to solve vital problems for the human race such as starvation and poverty, the plight of refugees, human rights abuses, and environmental degradation.
