Gemeente
Rotterdam

System, trends and developments in Netherlands

Mental well being in youth (HBSC studies)

System change in 2015

Municipalities are responsible for:

Public health act:

Preventive
youth health
care

Preventive
interventions

Youth act:

Youth
care

Youth care?

Youth mental
health care

Parenting and
youth support,
foster care,
residential care

Care for youth
with intellectual
and other
disabilities

Youth protection
and probation

Increase in use of youth care in last decades

Pro memori

Parenting support from 40.000 in 2000 to 90.000 in 2009

Mental health services from 140.000 in 2000 to 280.000 in 2009

Specifically the ambulatory trajectories

Number of youth receiving youth care since 2011

Development of costs and budgets

System, trends and developments in Rotterdam

Youth care system in Rotterdam

Jeugdhulp netwerk rondom het gezin

De gemeente wil dat ieder kind kansrijk, veilig en gezond opgroeit. Vanuit welzijn, preventie en jeugdhulp werken wij hieraan. Jeugdhulp biedt ondersteuning aan Rotterdamse jeugd en gezinnen in een kwetsbare situatie. De ondersteuning wordt zo dicht mogelijk in de omgeving van het gezin georganiseerd.

Challenges for Rotterdam

Deal with growing/high demand for youth care

Deal with growing/high costs for youth care

Deal with shortages in labor force

Optimize provision of youth care (good acces, proper care)

Nog aan te vullen

Thank you for your attention
