Concerns: JJEU Europa CUP in DUO systems

Dear members of the town council of Medemblik,

JJEU and the Dutch Judo Federation have enjoyed the last years the great hospitality in your City with the organization of the Europa CUPS in DUO systems, this very well organized events by the local club of Mister Takken (shisendo) where always followed by many of our members from over Europe, like Spain, Russia, Austria, Slovenia, Germany and many more.

The event is very important for the top jujitsu athletes in Europe, most of our members appointed this event as qualification event for the European Championships and even the Worlds. Also the needed yearly findings of National Federation are relying on results made in Medemblik the Netherlands.

As president of the JuJitsu European Union I like to show you our concerns regarding the plans of some identities in your council to stop funding this event, unfortunately JuJitsu is for more then 95% of the National Federations an amateur sport, so we have to relay on the will of Local Governments and sponsors for the organization of the great events we have. As president of JJEU I like to apply on your good governance for sports, and as we all know, sports gives healthy people, fit and healthy people are less sick and saves local communities a lot of money. So therefore we like you to overthink of the idea to stop support (top) sport in Medemblik.

If there are any questions please let me know as soon as possible,

Kind regards,

Mr. Robert Perc

President JJEU, vice president JJIF
