Maatschappelijk verantwoord inkopen

Informatie bijeenkomst
20 juni 2020

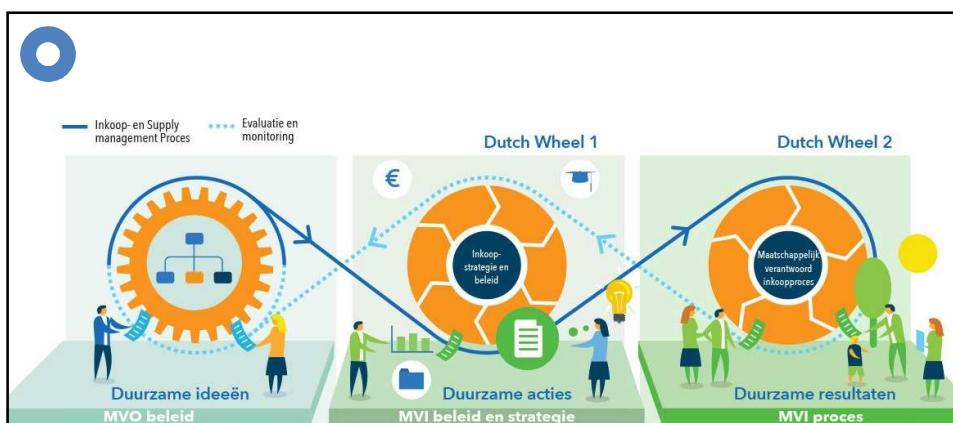

Maatschappelijk verantwoord inkopen

An illustration depicting the concept of socially responsible purchasing. It features a group of stylized human figures in business attire walking from left to right. Above them, a series of icons represent various aspects of sustainability and business: a briefcase, a document, a bar chart, a gear, a network, a lightbulb, a graduation cap, a dollar sign, a Euro symbol, a checkmark, a globe, a water drop, a plant, and a sun. The background is a light blue and green gradient with wavy lines.

Ontwikkelingen duurzaam inkopen

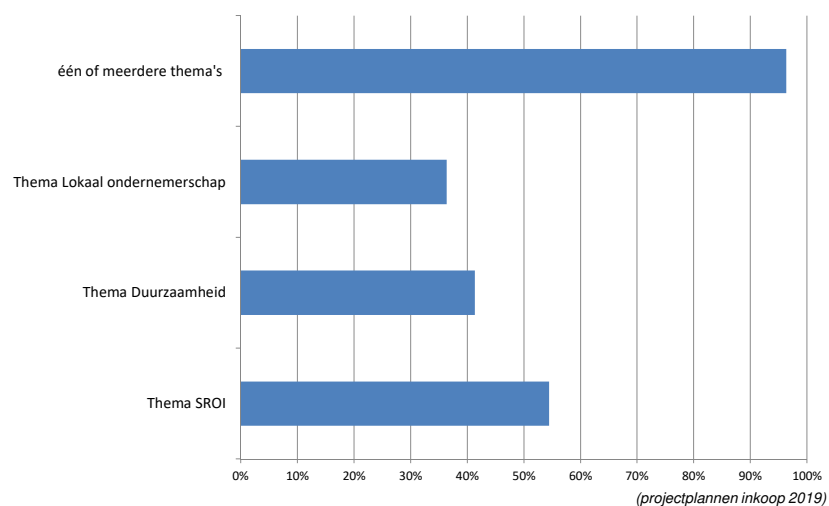

An illustration showing the development of sustainable purchasing. At the top, a circular graphic is divided into four quadrants, each containing an icon: a plastic bottle, a glass bottle, a stack of papers, and a recycling symbol. Below this, a person is riding a bicycle towards a building. A small truck is parked in front of the building, and a larger truck is parked to the right. A green circular arrow icon is positioned in front of the building. The word "recycling" is written next to the circular arrow icon. The background is a light blue and green gradient with wavy lines.

Inkoop binnen Overbetuwe

*Bij het inkoop- en aanbestedingsbeleid van de gemeente willen wij meer aandacht geven aan **duurzaamheid** en **social return** en **lokaal ondernemerschap** daarbij maximaal inzetten"*
